

We are excited to announce an internship opportunity within the Facility Management department at the NPJ Sports Complex and extend an invitation for students to apply. As a leader in sports business and facility management, we believe that our facility management team can provide a valuable learning experience for motivated students interested in exploring the dynamic field of Facility Management.

Internship Focus Areas: **Facility Management - Growth, Stability, and the Building**

1. Physical Building Management:

At the NPJ SC, we understand the critical role physical building management plays in ensuring operational efficiency. Our state-of-the-art facility provides an opportunity for students to gain hands-on experience in implementing preventive maintenance strategies. Students will be exposed to modern facility management technologies, contributing to innovative approaches in space utilization that align with organizational goals and accommodate future expansion.

2. Manageable Growth:

With a focus on sustainable growth, students will work closely with our facility management team to analyze current space utilization trends, recommend scalable solutions, and collaborate with cross-functional teams to align facility needs with organizational expansion plans. Our goal is to nurture students who can contribute to supporting the growth trajectory of our organization while maintaining operational efficiency and adaptability.

3. Staff Management:

Effective staff management is a key aspect of our organizational success. Students will have the opportunity to work alongside our experienced team in creating employee-friendly workspaces that prioritize productivity and well-being. They will be involved in designing and implementing training programs that empower staff to utilize facilities efficiently. Students will also play a role in establishing communication channels to address and resolve facility-related concerns promptly, contributing to the creation of a collaborative and supportive workplace culture.

Why NPJ SC is the Ideal Host:

Learning Environment: The NPJ SC provides a dynamic learning environment where students can apply theoretical knowledge to real-world scenarios and gain exposure to the latest technologies in facility management.

Experienced Mentorship: Our seasoned facility management team is committed to mentoring and guiding students, providing valuable insights into the intricacies of facility management.

Sustainability Initiatives: The NPJ SC is dedicated to integrating sustainable practices into facility management, aligning with the values and goals of environmentally responsible operations.

Collaborative Culture: We foster a collaborative work environment, encouraging students to actively participate in teamwork and contribute to the success of our facility management initiatives.

We encourage students who are passionate about sports, Facility Management, Growth, Stability, and the physical building itself to apply for this internship opportunity. We believe this experience will not only provide valuable skills but also offer an enriching and rewarding professional development journey.

*Unpaid 8-10 hours / week or as needed defined by your internship program.
